Hi Joe,

I'm hoping this is an easy, quick answer turn around. I'm doing a little preview story on the fact that EPA is coming before the council Wednesday to talk about West Side Soils. I have two questions – one is have you decided yet on whether Nikia will be the project manager for West Side Soils OU?

And is it accurate to say EPA will explain some of its early decisions regarding prioritizing the pit and BPSOU over West Side Soils? That was my takeaway from your letter, but I just want to confirm it.

Thanks much,

susan
